

SUBJECT: **BUILD UPON Workshop 6**

The sixth and final BUILD UPON workshop, held in a form of a conference took place on February 10th 2017 in hotel Dubrovnik in Zagreb. It involved over 90 stakeholders and was opened by the Minister of construction and physical planning, Mr. Lovro Kušević. He urged the audience to promote the goals of BUILD UPON in creating the environment for deep renovation of buildings in Croatia.

A closing presentation was delivered by the Alan Perl, BUILD UPON Project Manager for Croatia, in which he presented the results of the project achieved since the beginning in March 2015 (total number of stakeholders, recommendations and initiatives). The second speaker was the Assistant minister of construction and physical planning, Mr. Danijel Žamboki, who explained the next steps in preparing the new version of the long-term renovation strategy for Croatia. The last speaker was Mr. Emilio Miguel Mitre, BUILD UPON Project Coordinator from Green Building Council Espana, who gave an overview of the results achieved in other partner countries, as well as the overall impact the project has had on the EU renovation community.

Total number of stakeholders: 172 (of which 134 active)
Recommendations: 42 (overall acceptance 90%)
Initiatives: 68 (all 5 areas)

Alan Perl
BUILD UPON Project Manager, Croatia
